About Hope Recovery Inc.

Hope Recovery is a Christian based support program for individuals with trauma and trauma related issues. We were incorporated on June 5, 2013 in the state of Indiana. The goal is to provide various services that provide help to individuals who are looking for help in their recovery.

Anyone is welcome to receive support from our program. The difference is that we offer spiritual support to those who desire such support. We do not proselytize or discuss theology, and do not in any way seek to change another person's spirituality or religion. We are not affiliated with any denominations or groups

Publications

Bridge of Hope is a publication that is available free online for survivors of trauma. It focuses on trauma and dissociation, and is an outlet for survivors to share their talents of writings and art. This is a quarterly publication.

We desire for survivors to get involved in Bridge of Hope by submitting writings and artwork for consideration to be published. This makes the publication stronger. Submission guidelines are available and can be found on our website under the publication heading.

Mending Hearts is our online organiza-

tional newsletter that is free, allowing individuals and organizations to stay updated with Hope Recovery.

How Can I Help?

Hope Recovery is actively working to get the word out to individuals who have gone through a traumatic experience to become aware of our support services and

resources available to them. We are in need of individuals willing to help spread the word about our program. We need trained volunteers to join in our mission and to help grow our program.

One of our current needs is funding to make application to various entities that will enable us to provide the resources online and offline that are necessary, while being able to address sustainability issues and securing our annual expenses.

Prayer Partners

We need individuals and groups who are willing to pray for those who have been struggling with trauma and are needing hope, help and support. We provide a list of individual anonymous prayer requests and our organizational prayer coverage.

Invitation

We would like to invite you to become a Partner in Trauma Recovery

Whether you become a volunteer, join our prayer team, or donate financially, we need your support.

We are purely organized and run by volunteers. This allows our funding to go strictly to maintaining our online and in-person support services.
